

CAROUSEL ADULT PROGRAM

What happened last month?

November 2014

Continuing with the volunteering efforts of the Carousel Adult Program, we had a few of our consumers help make sack lunches to give to the Westchester Church of Christ to distribute to the hungry and needy. It was a great activity which taught us how to work together as a team and to divide the work up to be more efficient. The consumers also took great pride in their work and were

happy to help out their local community. We look forward to doing this about twice a month. We also took holiday outings to Spirit Halloween Store and walked throughout Shawn's Pumpkin Patch, which included a maze and a petting zoo as well. Consumers also came dressed in their costumes and exchanged treats. The following month we look forward to our annual Thanksgiving feast which will be held on November 25th.
